Recognized as a Scientific & Industrial Research Organization (SIRO) by the Dept. Of Scientific and Industrial Research, Ministry of Science & Technology, Government of India.

To,

Team Mychatri

Although it is a humble beginning but the idea is excellent and it is the need of the hour. We appreciate the idea, approach and the subsequent implementation done by team Mychatri as a friend- philosopher- guide to our students. The seminar with the students was highly appreciated by everyone and we would like to have more of them in times to come.

We are very optimistic that mychatri would provide a much awaited platform to the students that no one else could provide so far, starting from knowledge to skills and then finally connect with the industry... What else could these students expect ?

We wish mychatri best of luck for its future and become the most widely used platform by the students all over the country.

Thanks

Dr. Mohammad Faisal

Associate Professor & Head

Department of Computer Application

Integral University
